CSCL Jupiter grounded in known chokepoint

Reenactment of CoscoCS bosxhip grounding shows difficulty of manoeuvring for large containerships.

15 August 2017 16:12 GMT *UPDATED 16 August 2017 9:53 GMT*
By Michael Angell

The grounding of a CoscoCS-owned containership occurred in an area that is known to be difficult to navigate, a reenactment of the incident shows. The 14,074-teu CSCL Jupiter (built 2011) left the
